About This Content

A ghostly carriage arrives in Dirtwater. Only you can see it, and it only goes one place -- the mysterious Gun Manor.

A brand new West of Loathing adventure, full of all the things you've come to expect from the Loathing brand:

- A few more hours of that sweet, sweet gameplay
- Fiendish new monsters
- Useful new items
- Challenging puzzles (which are also new)
- Scads of new goofs and gags
- No new gulches (sorry, we're all gulched out)

Who can solve the mystery of Gun Manor? Is it you? It's probably you.

The whole left half of the house is filled with ice!

3

Lots of fun, some replayability, but short.

Pros:

- * More beautifully irreverent Asymmetric humor.
- * Not hard to stomp all over things, if you finished the main game.
- * Two playthru styles, like w/ WoL's main game - solution and combat.

Cons:

- * Only ~3 hrs for a playthru (I AFK'd a bit - because reasons).

TL;DR: If you liked WoL, buy it - maybe on sale, its value vs price is debatable, but I haven't seen it go on sale yet.
